

The following pages contain an alignment of the Dolch words and where they are presented in the Reading Roots lessons. It is broken down by Dolch Pre-Primer, Primer and First Grade word lists. Next to each Dolch word is the lesson number in which the word is presented in the Reading Roots Curriculum. If the word is presented as a Green word, not a sight word, that is noted by (green).

If the word is not found in Roots lessons, there will be no lesson number beside the Dolch word. You will notice that is mainly color and number words. Many of the words not presented in Roots, could be decodable once the student has been taught the corresponding sounds.

*Words with (green) following them are presented as Green words in the lesson. All other words are presented as Red words.*
